

PSC Success Stories: Women's

PSC's Pro Soccer Combines, Trials and Try-outs have proudly secured over 450 trials and signings for our men's and women's clients across the World since our first US combine in 2010. In 2019, we saw 15 contracts offered to Women's players from our events, more than any other year we have been in operation.

Unlike any other company we are happy to list and detail all the success stories we have ever achieved for all to see. Where possible we have included links to internal and external sites about the player.

Below is a list of all the Women's success stories we have achieved. For a list of all our men's success stories please click [here](#)
